Hello and welcome to CommonStory! Thank you in advance for your interest and support of this initiative. CommonStory is an inclusive pen-pal project that is focused on Connection, Collaboration, and Communication through letter writing. This is a youth based project, in partnership with the Commonwealth Youth Council, that is aiming to aid in process of connecting youth of all different ages, nationalities, cultural backgrounds, social classes and ways of life.

Through the help of donors we have been able to provide each member with postage for the first three letters of the program. In saying that, all that is needed in order to participate is a postal service and an address in which you can receive mail. CommonStory has also taken a particular interest in the empowerment of women and are hoping to help foster long-lasting relationships that will encourage women and girls to pursue careers that they deem fulfilling.
